

## Important Notice to our patients

# Roof replacement

**Work on our new roof will take place from  
Monday 18 February to Friday 22 February**

## **How will this affect our patients?**

- **The Medical Centre will remain open throughout the week**
- **Car parking spaces will be reduced**
- **The contractors will be working at the rear of the building. Please take care to avoid this area of the car park as there will be enclosed hazards.**
- **Standard doctor appointments will be available throughout the week**
- **routine medication review appointments for repeat prescriptions may be scheduled until after completion of the work and your doctor may issue a temporary supply of medications**
- **Some doctor and nursing services and procedures will not be available whilst this work is in progress**
- **Doctor consultations will take place in consulting rooms on the opposite side of the building to the building work in progress.  
You may be seen in a different consultation room to usual.  
This will help to reduce the level of noise experienced during your consultation.**
- **One Waiting Room will be used. Our reception team will advise you where to sit.**

**We thank our patients for their patience during the work.  
The result of a water-tight roof will be to everyone's benefit!**
